## PROFILE INFO

MCA student with a strong foundation in Java and web development. Familiar with Spring Boot and MySQL. Quick learner with good problem-solving skills, seeking and internship or entry-level role in a service-based organization

## EXPERIENCE

### Smart Campus Placement System

- Developed a web-based campus placement management system using Java, Spring Boot, Thymeleaf, and MySQL to manage students, companies, applications, and placement activities.
- Implemented separate Student and Placement Cell modules with features such as company listings, job applications, resume upload/download, profile management, and notifications.
- Designed a user-friendly and responsive interface with role-based features, allowing students to track applications and receive placement updates from the Placement Cell.

### FocusMate - Study Tracker

- Developed a web-based Study Tracker application to help users manage tasks and improve productivity.
- Implemented secure user authentication, task management, and focus-time tracking features.
- Designed dynamic and responsive user interfaces using Thymeleaf.
- Technologies used are Spring Boot, Thymeleaf, and MySQL.

## COURSES

### Java Full Stack

Code for Success

22 April 2024 - Present

## CERTIFICATES

### NASA Space Apps Hackathon 2025

Participated in the NASA Space Apps Hackathon 2025 to solve real-world problems using open data.

Collaborated in a team to design technology-based solutions during the hackathon

## EDUCATION

2025 - Present

### Master of Computer Application

Savitribai Phule Pune University

2022 - 2025

### Bachelor of Computer Application

Dr. BAMU University - 6.96 CGPA

2021 - 2022

### HSC

Maharashtra State Board - 74.17%

## SKILLS

- Programming Language : Java
- Frameworks : Spring Boot (includes Spring MVC), Spring Data JPA, Spring Security, Thymeleaf
- Front-End Development : HTML, CSS
- Database : MySQL

## LANGUAGES

- English
- Hindi
- Marathi
